

The screenshot shows the graphical user interface of the **AplicaTienda** application. It features a light gray background with a vertical sidebar on the left containing three green buttons: **Operar**, **Nuevo**, and **Salir**. The main area of the window is divided into two columns at the top, labeled **Precio** and **Cantidad**. Each column contains a white text input field. Below these fields is a large, empty white rectangular area, likely intended for a list of items or a detailed calculation display.
